

Canadian Pacific Regional Parking Information

Parking

There is parking available on site, however it is all paid parking as we are close to downtown Victoria. Please refer to the map below for nearby parking options.

Large Vehicle parking, such as buses, will not be available on-site. For those that have trailers we are working on parking or those with local schools. So please stay tuned for updates. If you do have a large trailer or bus coming please email ian.koscielski@firstroboticscanada.org so we have an idea of how many to expect.
